

POWER OF ATTORNEY

I hereby grant lic. iur. Lukas Strittmatter, EFZ Recht & Steuern Lukas Strittmatter

in the matter:

concerning:

a general power of attorney for all legal acts, with the right to appoint authorised representatives.

The power of attorney includes the following in particular:

Out-of-court representation; representation before all tax and other administrative authorities (including all administrative instances); representation before the cantonal social security courts (in social security matters) and before the Administrative Court of the Canton of Zurich and before the Federal Supreme Court (in social security and tax matters); apply for legal remedies; agreeing settlements; enforcing judgements and settlements; receiving and handing over securities, payments and other objects of dispute; initiating and executing debt collection proceedings, including filing bankruptcy petitions; representation in inheritance matters; filing and rescinding suits and criminal petitions. In tax matters, this power of attorney applies in particular to banks, PostFinance, health insurance companies, the land registry, the notary's office and other authorities.

Subject to deviating provisions of procedural law, this power of attorney shall not cease to be valid if the authorising party dies, is declared a missing person, becomes incapacitated or is declared bankrupt.

I release all persons and bodies concerned, namely doctors, medical assistants, health institutions, health insurance companies, public and private insurance companies, official bodies and private welfare institutions, from their duty to maintain professional secrecy towards the authorised representative or a person specified by him and I authorise them to provide him or his representative with any and all information about the state of my health.

The authorised representative is entitled to return the reference files to the principal without prior request after the matter has been settled.
